

FORAGE FIRST™
WHEN YIELD AND QUALITY MATTER™

P R E M I U M
All Purpose
P A S T U R E M I X

All Purpose Pasture Mix offers durability over a wide range of environments and management styles.

- Flexible solution for hay and long-term pasture
- Long lasting forage crop when seeded in pH range of 6.5 to 7.5

Planting Rates:

25-30 lbs. per acre.

Planting Times:

Best in early spring and early fall when weather is cooler and moisture is more reliable.

Use:

Primary Region - Eastern Plain States to Northeastern US.
